AN EXTRA TEN PER CENT.

To be Added to Wages of Whitstone Worst Company's Employees.

Prosperity's magic wand was again waved over this town Wednesday.

The Whitstone Worst company, which has a 10 per cent. increase in wages was posted at the mill of the Whitstone Worst company, which is owned by Howard S. Wood is agent. This advance, becoming effective next Monday, April 17, is over and above the 5 per cent. increase that was made in the wages of this mill only a few weeks ago.

The pleasing notice came as a surprise to the operatives, who are employed by the company. The company is of course, very joyful over the prospect of earning more money.

The Whitstone Worst company, which operates the brick mill near the Elmville toll station, is very busy and has orders to keep it running at full capacity for an indefinite period.

MAIN STREET IMPROVEMENTS.

What is Recommended by State Highway Commissioner.

The letter of State Highway Commissioner Charles Bennett to Judge Harry E. Back relative to the improvement of Main street is as follows:

Hartford April 5, '16.

Danielson, Conn.

Dear Sir:—With reference to our conversation of yesterday regarding the improvement of the trunk line north through Danielson Main street, this department has always made the reconstruction of this trunk line a matter of importance.

Having taken this attitude, it seems fair to state that if the town will co-operate in the reconstruction of this trunk line, the state will be glad to reconstruct the sewer during the present summer. In that event, the state will reconstruct the sewer during the present summer. This will give the trench in which the sewer is constructed an opportunity to be used as a sewer during the present summer.

The money for the reconstruction of roads has been allotted for the present year, but there remains the year 1917 to be taken care of from funds already appropriated or to be received from automobile fees.

Yours truly,

(Signed) BENNETT State Highway Commissioner.

Rev. C. H. Barber Improving.

Advices from the Massachusetts General hospital at Boston indicate that Rev. Clarence H. Barber is somewhat improved, though the change for the better is very slow.

Mr. Hopkins went to his barn and climbed 20 feet up a ladder to a loft to throw down some hay. At the top of the ladder he became dizzy, lost his balance and fell backward to the floor. His collarbone was broken and protruded through his flesh and three ribs snapped off. Mr. Hopkins bled profusely before aid reached him.

QUARRELED OVER FIRE.

One Inmate at Town Farm Gashes Another With a Stock of Wood.

In the city court Wednesday morning Judge L. H. Fuller imposed a sentence of four months in jail on William Brennan, 56, who has been an inmate of the poor farm of this town.

Brennan was charged with assaulting Peter Oster, 82, another inmate. Brennan appeared in court, but in default of bonds of \$300 he was committed to Brooklyn jail.

It appeared from what was said in court that Brennan struck the aged Oster on the head with a piece of stove wood, after the two had engaged in an argument relative to how the keeping of the stove should be managed.

One of the blows struck by Brennan opened a gash over Oster's left eye. Dr. Omer Larue, town physician, said that on account of Oster's advanced years it would be impossible to forecast what the effect of the blow would be.

In his own defence Brennan claimed that there has been arguments over running the fire at the town farm for some time, and that Oster struck him.

Booming Pomona Organizations.

Mrs. Susie G. Williams, secretary of show that the blood transfusion operations were successful and that new blood being made shows favorably.

From day to day Rev. Mr. Barber's condition fluctuates in favorability, but on the whole, he is improving. He remains in bed, and one day this week his bed was moved out on a veranda for a time. An ailment that developed since Rev. Mr. Barber entered the hospital makes it difficult at times and causes his temperatures to rise. This fact being regarded as a cause of delay in the betterment of his general condition.

NEW CARRIER USEFUL.

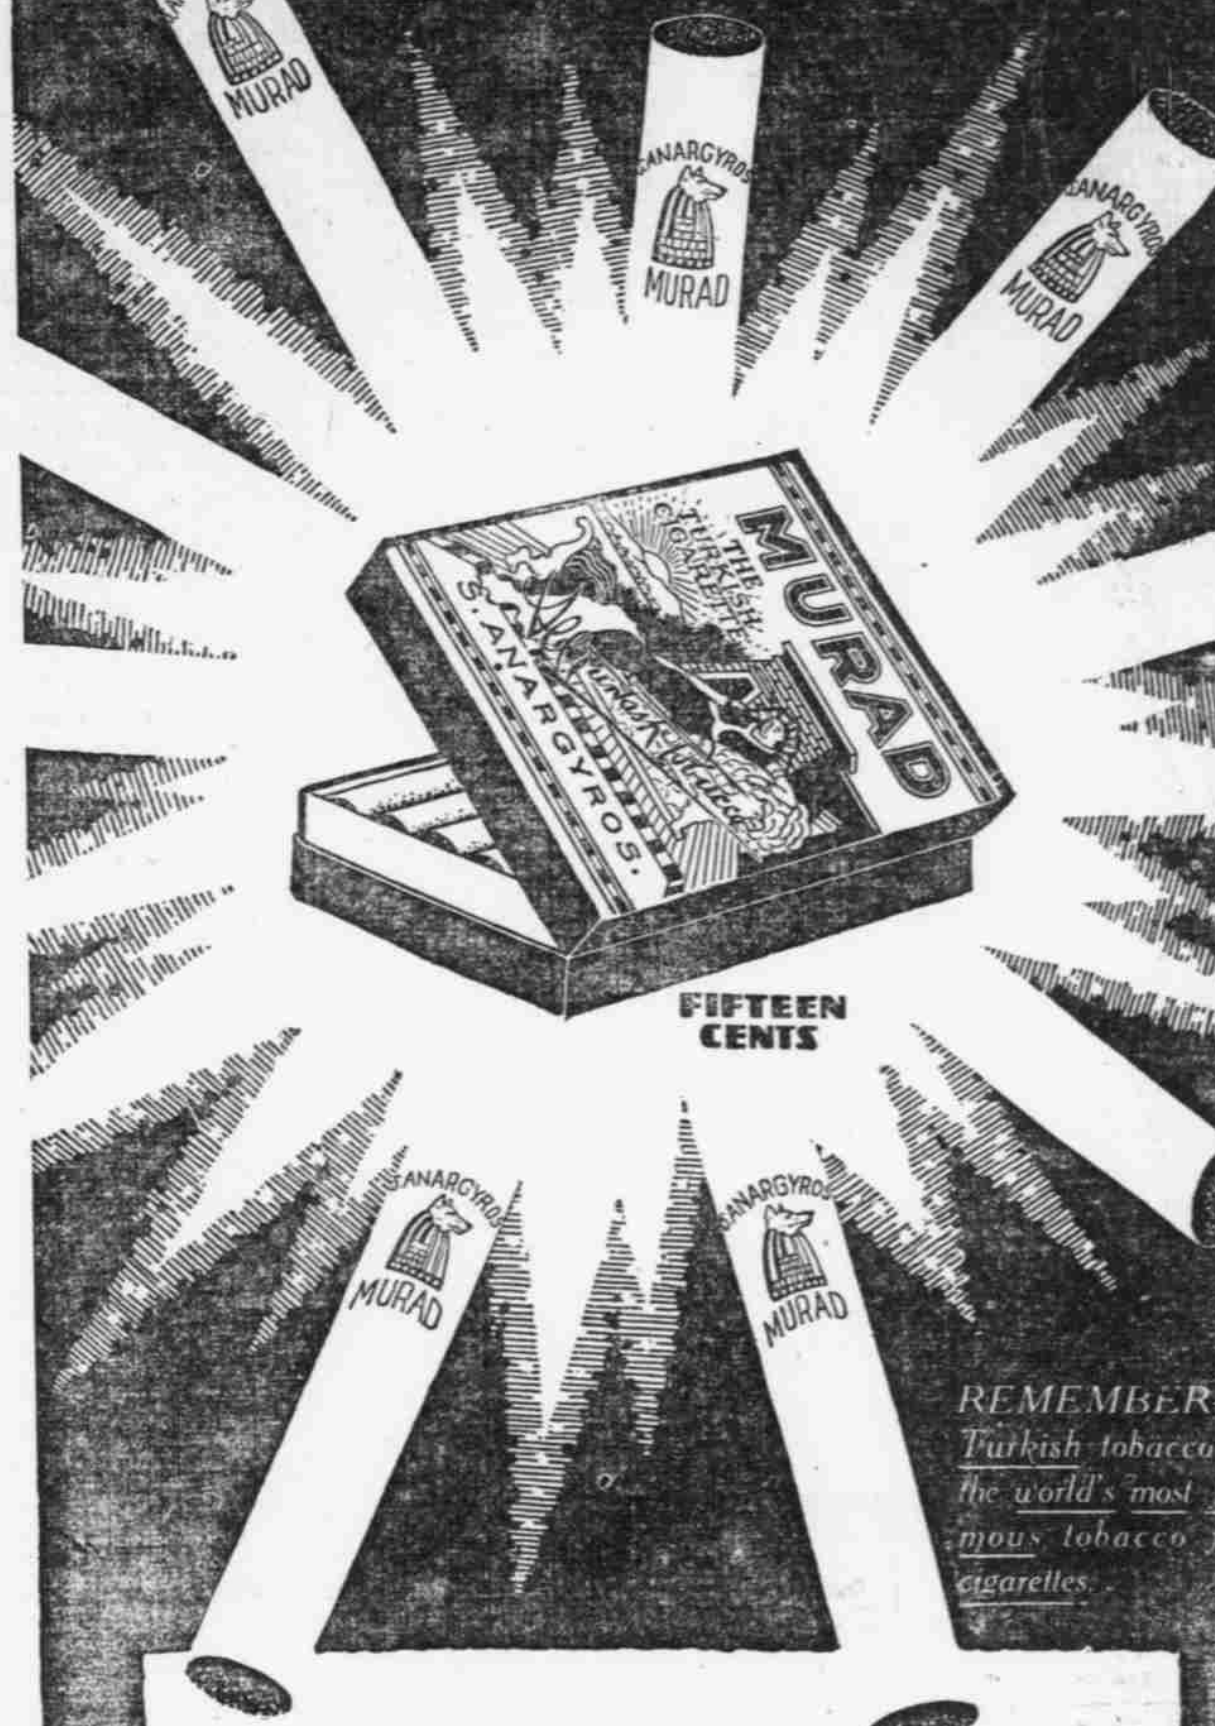

Nearly Eighty New Families Now Have City Delivery Service.

Since an additional letter carrier was put on regularly in Danielson a few days ago there has been an increase of nearly 80 families receiving city delivery service. The additional carrier has made it possible to serve streets not heretofore covered by the routes first mapped out. The number of families now served is 784 and indications are that it will not be long before the city will be able to serve all the families now in the town.

When the service was started on April 1 of last year only 350 families were being served.

Putting on an extra carrier and changing the routes has so altered original arrangements that Postmaster Harry E. Back is obliged to change the hours of collecting mail at some of the boxes along the route, particularly the high school building and near the corner of Cottage and Franklin streets. The changes will be announced as soon as decided upon.

Murad outsells all other 15 cent Turkish cigarettes combined.

Murad challenged the 20 cent brands and now outsells all 20 cent cigarettes combined.

Murad entered the 25 cent class—except in price—and now outsells all 25 cent brands combined.

HERE IS THE EXPLANATION:

The Turkish tobaccos in Murad have never been used by any other manufacturer in a cigarette selling for less than 25 cents.

These Murad tobaccos are higher grade than is used in most 25 cent cigarettes.
